- 2. 2,000 sq ft expansion of Child Development Center**
 - Increased capacity and safety
- 3. Remodeling of current parish offices**

Estimated cost: \$8.3 million

To use our resources wisely, we need careful planning and your feedback is very important. We need to know what you think! Your ideas will help us make good decisions about what to do next.

We're getting help from Guidance in Giving, a professional Catholic group, to manage the Feasibility Study. They'll handle all the survey responses, so we appreciate your feedback.

OUR GOALS THIS WEEK

All registered families in our church will get a letter from Father Mark about the Feasibility Study. **Please respond by next weekend, October 26-27.**

This study will help us understand what everyone thinks and how much they can help with a new project. Your information will stay private with Guidance in Giving.

Father Mark thanks you for participating. Your input will shape our parish's future!
